Tuesday, May 9th – Give anytime day or night. Early Giving opens on April 25th.

Search all our participating nonprofits in Culpeper, Fauquier, Madison, and Rappahannock by their name, their location or by their category of service.

Log on & give local on May 9th

Give Local Piedmont inspires community members to give BIG to the nonprofit organizations that are making our region stronger. Every dollar donated is increased with additional "bonus" dollars provided by the PATH Foundation, as well as sponsor-driven prizes. Starting APRIL 25th, donors may begin pre-event donations. We encourage you to give on the day of the event, MAY 9th, as well, so your donations will qualify for prizes!

Strength in Community

We all know the adage, a chain is only as strong as its weakest link. We, as a community of givers, have the power to strengthen any link in the chain. In this, our 10th year of Give Local Piedmont, let's continue to work for equity and inclusion and insure our past is not forgotten, our present is made stronger and our future is hopeful.

Giving Day

A Giving Day is an online fundraising marathon that aims to bring people together to support a specific community or cause. Giving Days are often hosted by community foundations. *A Giving Day, like Give Local Piedmont, promotes a tangible expression of mutuality, solidarity, and reciprocity in the community where we live.*

It's a simple idea: **a movement that encourages people to do good.**

There are so many different ways to express generosity on a Giving Day and every day! Give time and make a donation. Everyone has something to give, be it time, talent and dollars and every act of generosity counts.

I Live Here • I Give Here

"Give Local Piedmont allows us to fulfill our commitment to serve and engage the community through programs and activities. With the funding, we've hired new program staff to build our educational programming."

*-John Christensen
The Museum of Culpeper History*

We have a solid history of success in our field. We have learned that people like to be part of successful nonprofit groups. We can show them what we have already accomplished."

*-Laurie Counts
Madison Community Cats (MAD Cats)*

Every one of these organizations is doing important work accomplished by committed, passionate folks directly involved in strengthening the Communities of the Northern Piedmont.

"We refer to the farm as a community-owned nonprofit that turns every dollar into real food on tables. Give Local Piedmont helps the farm expand that community and buy-in."

*-Jim Hankins
Fauquier Education Farm*

"This event helps us raise money for programs, which provide a wide variety of resources for our river and community members such as hands-on education programs at local parks, tree plantings, water monitoring, safe river access and more."

*-Lis Heras
Friends of the Rappahannock*

"The campaign offered a broader audience to bring more awareness about the shelter and the need for housing. People are not aware of the need because it is often unseen, but this community's "hidden homeless" population is growing."

*-Gerry Vent
Fauquier Family Shelter Services*
